SUBJECT: Vacant Properties – Export List

The Electronic Filing System, specifically the [List of Descriptions of Insured's Operations](#), has been updated based upon the June 9, 2018, Export List. The June 9, 2018, Export List can be viewed at: <https://www.pabulletin.com/secure/data/vol48/48-23/902.html>.

Vacant Properties, without exceptions, have been on the Export List since 1999. The Export List published and effective on June 9, 2018, included an exception for 1-4 family unit residential dwellings and individually-owned residential units in larger residential buildings, based on the Department's determination that coverage for such risks was generally available in the admitted market.

To address several issues created by the June 9, 2018 change, filings are to be submitted as follows:

- All Vacant Properties quoted before June 9, 2018, are classed as Export.
- Vacant Properties *other than 1 – 4 family unit residential dwellings and individually owned residential units in larger residential buildings*, quoted on or after June 9, 2018, are classed as Export.
- Vacant Properties that are 1 – 4 family unit residential dwellings and individually owned residential units in larger residential buildings quoted on or after June 9, 2018, are non-Export.
